The Annual CommUnity Resource Fair is a free family event designed to highlight many neighborhood services and resources provided by the City of San José, County of Santa Clara, and many local non-profit agencies. The main goal of the event is to connect underserved members of the community with these important services.

In addition to educating residents about services, the annual event offers a fun day of family entertainment with activities, performances, and interactive booths. The CommUnity Resource Fair also provides free food and drinks for guests in addition to raffle prizes throughout the day.

History Park, located in Kelley Park, is operated and maintained by History San José, a local non-profit dedicated to inspiring residents to learn about the diverse regional heritage. Attendees of the CommUnity Resource Fair will be able to explore the multiple museums located on the grounds of History Park.

Mayor Chuck Reed has been organizing the Annual CommUnity Resource Fair since first serving as the Councilmember for San José's District 4. Now in its eighth year, the CommUnity Resource Fair garners great support from a diverse group of corporate sponsors and attracts thousands of visitors each year.
